

Attention Motorists:

Streets surrounding the intersection of West Drive and Mason Farm Road will be temporarily blocked (see map below) for up to five-minutes for blasting in support of the Medical School's construction on the Image Research Building (IRB) adjacent to those roadways. Detonations are tentatively scheduled to occur according to the following schedule:

Twice daily on weekdays, beginning Monday, September 21 and running through November:

- 5 minutes only between 10 & 10:30 a.m.
- 5 minutes only between 3 & 3:30 p.m.

NOTE: Blasting and traffic delays will NOT occur during scheduled special event operations.

Though traffic will only be blocked for three-to-five minutes of the aforementioned time periods, due to the high volume of vehicular and foot traffic in this area, motorists and pedestrians should practice caution and should expect some delays during those times. For information on UNC Medical School IRB project, contact 966-2441. For further parking information or questions, call the UNC Department of Public Safety at (919) 962-3951.
