

UNC Zipcar Program

UNC Zipcar Departmental Membership Information

UNC Zipcar Personal Membership Information

Zipcar is a carsharing service that offers cars by the hour or the day, located at 8 convenient locations across campus and allows access to all Zipcar vehicles located across the country and around the world. This is a flexible and convenient way to maintain proximate access to a vehicle and reserving a vehicle online is a quick and easy process.

Eligibility: All UNC departments, individual staff and students 18 years of age or older who are licensed drivers (international driver's license are accepted) may apply to enroll in the program for business or personal trips.

Reservations & Using the Zipcar: A car can be reserved online or by phone 24 hours a day, 7 days a week. Gas, maintenance, insurance, 180 free miles per day and on campus parking are all included in UNC's rate of \$7 per hour and \$60 per day maximum. The Zipcard is a proximity card that when held up to the driver's side front windshield unlocks the car during the reservation period. The car keys are attached to the steering wheel and a fuel card is provided. At the end of the reservation, the vehicle must be returned to its home space and the Zipcard must be used to lock the car.

Where to Get Help: Zipcar can be contacted directly for most questions regarding use of Zipcar and billing – (866)4ZIPCAR. On campus questions can be directed to the Transportation Demand Management and Marketing Specialist at the UNC Department of Public Safety – 962-3951.
